A Word from the Pastor

Today, we would like wish each of our Father's a very Happy Father's Day. We will spend some time dealing with very serious subject and one that goes directly against the culture we will talk about what it is to "Act Like a Men". One of the biggest epidemics in our nation is the fatherless homes. One in four houses have no father, stepfather, grandfather, or male figure in the home. This actual goes against the design of God. 85% of youth who are currently in prison grew up in a fatherless home here in Texas. 24.7 million children in the United States live in a home where their biological father is not present. That equates to 1 in every 3 children in the United States not having access to their father. We have a problem, and it is the falling away from God and the destruction of the family in America.

God Bless
Pastor Michael
